PERFORMANCE MONITORING OF TEACHING STAFF

Please rate the teachers on the following attributes using the 4-point scale shown

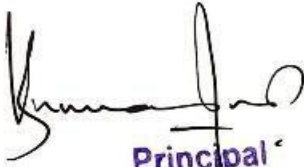

SUGGESTIONS:

Sessional work/ assignment work must be reduced. Private TP schools must be instructed to cooperate. Teachers must remain impartial. Each room should have ICT facilities. Internet not available in rooms. More Wifi must be installed. Students should have the accessibility to internet passwords. Canteen conditions should be improved. Proper seating arrangement be there. Common room be there for all.

ACTION TAKEN:

The feedback results were discussed thoroughly by Principal and IQAC members of the institution. It was decided that sessional work would be given in group of 4-5 students and online submission be accepted. More wifi/internet routers will be installed and students will be given the access to same. Canteen area will be renovated.
